WAR DECLARATION COMES TOMORROW

WAR RESOLUTION UNDER SERIOUS CONSIDERATION BY HOUSE AND SENATE

BODIES PROBABLY WILL DISPOSE OF RESOLUTION SOON

WASHINGTON, April 4.—Congress got to work on the war resolution today with prospects of remaining in session continuously until it is disposed of. The Senate by unanimous consent took up the resolution at 10:00 o'clock with the administration leaders determined to permit no other business to interfere.

Senator Hitchcock in his opening statement said that this is a time for action and not discussion. He briefly discussed the resolution, which, he said, places the responsibility for war upon the German government. He said that unquestionably a declaration of war will be made, that he is not filled with joy at the prospect of war, but the United States, desiring no territory, was going to war to vindicate its honor and independence.

Senator Hitchcock said he had begged the President to remain if possible under the policy of armed neutrality but that the President had information which made that impossible.

Senator Lodge declared the United States should seize German ships in United States ports and use them to replace the ships which German submarines had sunk. He said the United States is entering the war to help preserve human freedom, democracy and human freedom.

Senator Vandaman said he would "follow the path of duty," although he "wished he could vote with the majority."

Senator Norris said he was "bitterly opposed to the United States entering the war." He did not flatly say that he would vote against the resolution. He charged that many newspapers and press agencies were enlisted in a great propaganda to foster the war sentiment. He said that Wall Street interests are interested in obtaining the profits of war. He declared "I feel that we are about to put the dollar sign on the American flag." Senator Reed said this statement was "almost treason." After two hours of debate the Democratic leaders expected to reach a vote early tonight and that only a long speech by Senator LaFollette could delay action on the resolutions beyond that.

House to Take up Resolution.
WASHINGTON, Apr. 4.—The House unanimously agreed to begin consideration of the war resolution at 10:00 o'clock tomorrow. No special rule limiting debate will be brought to bear and the House will remain in continuous session until the bill is disposed of.

House Accepts Resolution.
WASHINGTON, Apr. 4.—The House Foreign Affairs committee today accepted the Senate's war resolution and favorably reported it for passage. It will be taken up by the House today and will be considered as the first business tomorrow. Spackelford, of Missouri, Democrat, and Cooper, of Wisconsin, Republican, were the only committee members who voted against it.

E. E. Forsythe, who during the season had been driving a car for hire for his cousin, W. H. Hoover, left this morning for his home in Pittsburgh, Pa. Mr. Forsythe has taken a strong liking for Daytona and is counting on returning next season.

GERMANY PAYING PENALTY FOR NOT CONCLUDING TREATY

BERLIN, April 4.—Tse Tageblatt says: "President Wilson's message is not surprising but do the people of the United States have the same view? That is hard to say." This influential German newspaper says that action means the Monroe Doctrine, and calls the President's message a proclamation of imperialism and says the results will be greater to the United States than to Germany. It says that Germany is paying the penalty for not concluding the Bryan treaty with the United States. Other newspapers made no comment.

GRAFT TRIAL CAUSES RESIGNATION OF 3 AUSTRIAN MINISTERS

COPENHAGEN, April 4.—The war graft trial in Vienna which suddenly resulted in the resignation of the ministers of war, justice and finance developed into the most sensational political event in Austria since the beginning of the war. The ministers were accused of altering the report of the commission which investigated charges of graft in army supplies by Dr. Franz, the government purchasing agent.

but \$41,283.14, a difference of \$1,964,355.56. The available cash on hand, and due from banks, as shown by the statement published elsewhere in today's Daily News, is Nine Hundred and Eighteen Thousand Three Hundred and Nine Dollars and Thirty-one cents.

Casino Music to Continue but not Under Leadership of Kirk

Alleging that Maurice H. Kirk, who has been leader of Tucker's orchestra, which has been playing the season engagement at the Casino Burgoyne, has been the cause of dissension during the entire season, the members of the orchestra refused yesterday to play under his direction and read a statement to that effect at the concert last evening. Kirk has kept everyone connected with the orchestra in "hot water" all season. This applies not only to the members of the orchestra but to the committee who had charge of the music.

After the announcement made Monday afternoon by Mrs. Mary Burgoyne that the orchestra would be retained for another week, trouble arose because of Mrs. Burgoyne's request that Maurice Kirk should have the management for the week. Although Mr. Tucker insisted that in order to avoid trouble and to close the season without complications, the members of the orchestra should play through the week under Mr. Kirk, they, without exception, refused. Every effort was made by Mr. Tucker to have the musicians continue to play, but they declared their intention of declining to fill the engagement, should it mean playing under Kirk's management. According to several members, news of the dissension reached Mrs. Burgoyne through parties who misrepresented facts, and she notified the orchestra that their engagement would end with the Tuesday afternoon concert.

The concert given last night was gratis, the orchestra taking the opportunity to present their case to the public in its true status, in order that Mr. Tucker should not be placed in an unjust light. Shortly after the commencement of the concert, Victor J. A. Baradel read a set of quasi-resolutions, drawn up by himself and approved unanimously by the orchestra. The resolutions were as follows:

"The members of the orchestra have asked me to act as spokesman and correct certain false reports that have been made:

1. In reference to Mr. Tucker's management:

2. After the close of the season, the engagement was extended one week through the kindness of Mrs. Mary Burgoyne, but owing to false impressions which the former leader allowed to be circulated, Mrs. Burgoyne, in

extending the engagement, placed the management of the orchestra in the hands of Mr. Kirk for the last week.

3. Although Mr. Tucker advised the orchestra to continue and finish out the engagement, at the same time the members of the orchestra, after talking the matter over, came to the conclusion that they owed it to Mr. Tucker to decline. After his efficient management and unquestionable fairness in dealing with the individual members of the orchestra and after four months' work under his direction, they, without exception, have refused positively to play under Mr. Kirk's management.

4. Owing to certain misrepresentations and false reports which Mr. Kirk allowed to reach the ears of Mrs. Burgoyne and did not correct, and owing to the dissension which these reports caused, Mrs. Burgoyne has terminated the engagement with the afternoon concert today. The concert this evening is given by the request of Mr. Tucker, as there was not time to notify the audience of the discontinuance of them.

5. The members of the orchestra desire to take this opportunity to go on record as saying that they are and have been throughout the season, thoroughly pleased with Mr. Tucker's unfailing justice in all matters pertaining to their management. We further wish to say and to be publicly quoted as saying that any report to the contrary that may come to your ears through hearsay or otherwise, we brand as untrue and as a deliberate falsehood.

6. Our leader, that is, Miss Hattie L. Taylor here, will, in the event of our staying here any longer than tonight, continue in that capacity until we leave Daytona, having been unanimously chosen by the members of the orchestra to replace the former leader.

"You may, those of you who attended today, have noticed a change of program—quite a welcome diversion, I may say, and we desire to say that such could long before now have been possible had it not been the wish of the former director, as we have had the extensive library of Mr. Tucker, augmented by that of the speaker to draw from," said Mr. Baradel in conclusion.

A spontaneous and prolonged burst of applause made the casino ring for several seconds after the speaker took his seat. One of the largest crowds of the season heard the concert last night, and by the applause with which they greeted the resolutions signified their approval of the orchestra's action and their concurrence of opinion.

The concert last night proved one of the best yet given and several innovations on the program added to the pleasure of the gathering of music lovers who enjoyed it.

A representative of Mrs. Burgoyne called on Mr. Tucker early this morning to advise him that after learning the true status of affairs, Mrs. Burgoyne had signified her intention of retaining the orchestra to play in the casino until the remainder of the season. Just what this extension means, whether for another week or longer, has

Mrs. C. Pieper and Mrs. J. D. Pier-son, season guests at the Williams hotel, departed Tuesday morning for their homes in Gretna, Manitoba. Mr. Pieper and two sons, who had also been here for awhile, left about two weeks ago on their return to Gretna.

Mrs. Louise Bruns and Mrs. Marie Gathman, of Napoleon, Ohio, who had been spending their fifth season in Daytona as guests at the Van Dorn on Myrtle avenue, left Monday on their return north. Both ladies declare that they have enjoyed the present season more than any other season spent by them at this place.

Miss Katherine C. Ganley, who again this season, had been associated with the News as society reporter, and in this position renewed many pleasant acquaintances of the preceding season and added many new friends to those previously made, departed Tuesday afternoon for New York where she will spend a few days and then go to her home in Lawrence, Mass., for a few weeks' visit with her parents and other members of the family before taking up her work for the summer.

Mr. and Mrs. F. Y. Batchelor, who had been comfortably located for the season, in Stephen Findlay's double house on South Palmetto avenue, departed Tuesday for their home in Pittsburgh, Pa. J. A. Batchelor, a brother of F. Y. Batchelor, who has also been located at Mr. Findlay's, in company with his wife, will be here

until next week. Mr. Batchelor says they have visited a number of places in the state while here this winter and still prefer Daytona to any of them.

A. F. HUTCHINSON GOES NORTH FOR THE SUMMER

A. F. Hutchinson, who has had charge of the Daytona office of the Wilbur Land company and has served as publicity man for the Toronita hotel, left this morning for Boston, to take up the same position he held last summer, traveling adjuster and salesman for the Wilbur company.

When asked by the News reporter if he contemplated returning next season, "Hutch" stated he is very fond of Daytona and would like to permanently locate in some business for the entire season here.

Mr. Hutchinson has been in Daytona for the past seven years as book-keeper for the Gruber-Morris company, manager for the Gulf Refining company, circulation manager of the Daily News and in his present capacity and during that time has made many friends who would be pleased to see him locate permanently in this city.

WILBUR LAND COMPANY CLOSES DAYTONA OFFICE

The Wilbur Land company closed its Daytona office Wednesday after the most successful season it has ever had in Daytona. The Toronita hotel has surpassed even the fondest hopes of the most optimistic and several thousand dollars worth of land has been sold to very desirable clients, who will build in the near future. This new city boasts of both electric light and water plants and many other improvements, and owing to its ideal location it is expected that this will be one of the foremost developments in this section.

SOUTHERN BELL TO RECEIVE FRANCHISE

The right of the Southern Bell Telephone and Telegraph company to purchase and maintain all the local telephone lines and to operate a system of their own, was granted Tuesday at a special election held for the purpose of ratifying the favorable action of the commissioners who passed on the question several weeks ago. The vote was 74 for the Bell franchise and 6 against.

In the election which was held at the expense of the Bell company, 84 of the 127 qualified electors voted. Four votes were thrown out, leaving the final count a ratification of the franchise grant by 68 votes.

The election board was F. R. Wilcox, J. L. Lynch, E. L. Bond and F. S. Rodgers.

LITTLE MISS GARRISON'S PRETTY BIRTHDAY PARTY

Thirty little guests showered Helen Garrison, the attractive little daughter, of Mr. and Mrs. J. B. Garrison, with scores of dainty gifts Tuesday afternoon. The occasion was Helen's fifth birthday, and the party with which she celebrated the event was an altogether delightful affair.

Mrs. Garrison, who is a clever hostess, arranged an out-door party for her little daughter, the feature of the afternoon being an enormous pile of white sand. The happy kiddies deserted drop-the-handkerchief and blind-man's buff on the lawn to romp on the sand pile. Sand castles, piles and all the many joyous things that are possible in an immense mound of glistening beach sand provided diversion for the little guests.

At 5:00 o'clock the kiddies gathered in a ring on the lawn to enjoy an ice cream and cake course and to cut a wonderful birthday cake, blazing with the requisite number of candles. A pink and white color scheme was used for the dainty refreshment course. In their lacy white frocks with bright hued ribbons and in crisp linen suits the little boys and girls made a charming picture seated on the lawn in a circle.

Among the many pretty gifts which the little hostess received was a live baby bunny, a diminutive ball of white fluff. With a real live bunny to bring her Easter eggs little Miss Garrison is impatiently awaiting the advent of Easter.

WAR SUMMARY

The French announce that their patrols reached the southwestern outskirts of St. Quentin last night, and that fighting continues south of the Ailette river.

The French made additional gains east and west of the Somme. Russia announces that the Germans forced a passage of the Stokod river in Volhynia.

Left Him Thinking.

"Why don't you put your mind on it and get a good cook?" demanded Jones, impatiently. "Well," replied Mrs. Jones sweetly, "I guess it is because I don't know how. I never seemed to have a faculty for selecting people to live with."

Cork Lining for Clothes.

The new cork lining for waterproof garments produced by a French process is claimed to be as flexible as thin leather, and it may be folded without harm. After the cork is sliced into uniformly thin sheets, the flexibility is obtained by chemical treatment removing all resinous matter. By means of a special cement the cork is attached to one side of any suitable cloth, or, for greater strength, the cork may be used between two layers of cloth. While the material is very light, the special advantage of the cork raincoat is said to be its porous quality, giving ventilation while shedding rain.

Weak Natures.

"There are natures in this harsh world so timorous, sensitive and helpless in themselves that the utmost stretch of indulgence and kindness is needed for their development—like plants which the warmest shelf of the greenhouse and the most watchful care of the gardener alone can bring into flower."

The Greatest Fortune.

If there be one man before me who honestly and contentedly believes that, on the whole, he is doing that work to which his powers are best adapted, I wish to congratulate him. My friend, I care not whether you are from the office or the shop; I care not whether you preach the everlasting Gospel from the pulpit, or swing the hammer upon the blacksmith's anvil; I care not whether you have seen the inside of a college or the outside—whether your work be that of the head or that of the hand—whether the world count you noble or ignoble; if you have found your place you are a happy man. Let no ambition ever tempt you away from it, by so much as a questioning thought.—J. G. Holland.

Much Too Late.

The agent marched up to the front steps and rang the door bell briskly. "Good morning," he said, bowing politely to the maid who answered his ring. "Is the lady of the house engaged?" Perfectly Clear.

Prelim Question—"Describe the manufacture of a barometer and explain its action at different levels." Brilliant Answer—"To make a barometer, close a glass tube at both ends, and pour mercury in. If you take it up a mountain it goes up. If you take it down a mountain it goes down."—Widow.

Bound to Become Great.

Sir William Foster, late physician to the house of commons, tells a good story about Joseph Chamberlain in the early days when they were both members of a local debating society in Birmingham. Mr. Chamberlain at this embryonic period would prepare his speech carefully beforehand, write it out, commit to memory and deliver it without the aid of notes.

Once in the midst of his oration he came to a full stop. He calmly began again; but again broke down at the same place. This time, however, he coolly put his hand into his coat-tails pocket, slowly turned over the leaves and then went on again without the slightest discomposure. "Such a man," adds Sir Walter, "was bound to become great."

WANT TO WORK IN ALASKA

Sixty Thousand Persons Have Applications on File for Jobs on the Railroad.

Portland, Ore.—Almost 60,000 persons have applications on file for positions with the Alaska Engineering commission, which has charge of the construction of the government's railroad in Alaska.

The commission will employ 6,500 men in construction work this summer, which is an increase of 1,000 over last summer's maximum. The Seward division will have 1,000 men, the Anchorage division 3,500 men, while the Nenana division will have 2,000 on the payroll.

From present indications the line to Chickaloon, in the Matanuska coal fields, will be completed by August 1. Station work on the 14 miles from King's river to Chickaloon was let this winter and construction is being rushed.

Plans for the coming season include the construction of all bridges in the Seward division, so that by next fall the old railroad between Seward and Mile 71 will be ready for heavy traffic. Preliminary work is now under way for the construction of the \$300,000 railroad bridge across the Susitna river at the mouth of Indian creek.

Requisitions for supplies to the estimated value of \$1,055,000 have been received at the Portland headquarters of the commission.

Government Agents' Inspection to See if All Are of Standard Weight.

Philadelphia.—The assay commission, which annually comes to the Philadelphia mint to examine the weight and quality of gold and silver coins made during the course of the year at the mints in Denver, San Francisco and this city, has begun its work here. The commission numbers fifteen.

L. A. Fischer of Washington, who is connected with the bureau of standards, department of commerce, at Washington, was chosen chairman of the commission, which is annually appointed by the president.

"The object of the commission is to check up on the various mints and see that the coins stamped off are of the proper standard," said Mr. Fischer. "Specimens of coins were selected at random at the various mints during the course of the year and sent here for examination. They reach us here carefully sealed and we weigh and test them."

\$66,500 FROM OLD STOCK

Wisconsin Woman Realizes on Stock Bought 25 Years Ago and Long Forgotten.

Milwaukee, Wis.—Twenty-five years ago Miss M. L. Martin paid 10 cents a share for 5,000 shares of Hecla mining stock. She forgot the investment, changed her name to Mrs. Mary Humes, and recently, after a search of years, the company located her under her new name, paid her \$66,500 in back dividends, and informed her that her stock was worth \$8 a share. In the early days of the company, when assessments were being levied, John A. Finch, one of the officers, paid the \$400 assessments.

The boy had been the favorite companion of the old man and it was he who discovered Van Nest's body after he had been extinct several days.

MILLS-McGRAIN MARRIAGE SOLEMNIZED THIS MORNING

A quiet wedding occurred at 8:30 o'clock this morning in the parochial house of St. Paul's Catholic church, when Miss E. Pearl McGrain, the daughter of Mr. and Mrs. Thomas McGrain, of First street, was united in marriage to Kenneth D. Mills, son of Mr. and Mrs. H. H. Mills, of Baker street. The impressive service was performed by Father Donworth, only the members of the two families and a few intimate friends being present.

The bride wore a stunning suit of white broadcloth, with a dainty blouse of whiteorgette, hand-embroidered and trimmed with touches of exquisite lace. Her becoming hat was a smart ribbon model. White accessories completed the attractive costume. Her flowers were an armful of American beauty and bride's roses. She was attended by Miss Annie Mills, whose attractive frock was of Copenhagen silk. She wore a picture hat of white.

A. N. King acted as groomsman to Mr. Mills. Immediately after the ceremony the bridal party went to Cattaneo's grill, where a delicious wedding breakfast was served. The table was in the form of the letter T and was effectively decorated with a profusion of pink and white roses.

The dainty course breakfast carried out the pink and white color motif. Twenty were seated at table.

Mr. and Mrs. Mills left on the 8:30 train for Jacksonville, where they will sail on the Merchants & Miners line for Baltimore en route to Pittsburgh. At the latter place Mr. Mills will enter the employ of Mrs. R. H. Heyn, a winter resident of Daytona Beach. A large group of friends accompanied Mr. and Mrs. Mills to the station to wish them every happiness in their new life. The gay group filled their trunks with white ribbons, old shoes and tiny cupid, while showers of rice rained on the young couple as the train pulled out.

During her seven years' residence with Mr. and Mrs. J. D. Maley, the bride with her charming personality has won hosts of friends, who will extend every good wish and will sincerely regret that her marriage will take her away from Daytona. Mr. Mills is among the most popular of the young men in Daytona and has the congratulation of many friends in wishing his charming bride.

Mr. and Mrs. Mills were the recipients of many beautiful gifts, which included a number of handsome pieces of silver and cut glass.

Reward for Pleasure.

Pleasure given for its own sake is often rewarded in financial terms. You begin to rise by your own effort. Others may inspire you and urge you to make the attempt but you must exercise your mind and your muscles or you won't get anywhere. It takes more than inspiration to make one great. Every bird learns to fly by using its own pinions. You can never find the measure of your possibilities until you take it.

The Dog's Ancestors.

According to Charles R. Eastman, writing in the Museum Journal, our modern dogs have a varied ancestry, some being descended from Asiatic and some from African species. The spitz in all its varieties is a domesticated falcate. The mastiff and St. Bernard and their kind are descended through the molossus of the Romans from a huge wolflike creature that was already domesticated by the Assyrian Babylonians 2,500 years before our era. The Russian boro and the St. elmo hound had their origin in the Cretan hound, which is still common in Crete, and it is its cousin, the Ibaiza hound of the Balearic islands, came from the ancient Ethiopian hound, which was a domesticated wolf. The collie or shepherd dog seems to come down direct from a small wild dog of the paleolithic period.

Easter Fires

Easter fires, established in honor of the sun, form a feature of Easter observance in some parts of Great Britain, where bonfires are quite common in early spring. Effigies of Judas were annually burned in Athens on Easter Sunday until the government prohibited it.

Frazer in "The Golden Bough" states that about 100 years ago the custom at Althenneberg, in upper Bavaria, was as follows: On the afternoon of Easter Saturday boys collected wood, which they piled in a cornfield, while in the middle of the pile they set up a tall wooden cross all swathed in straw. After the evening service they lighted lanterns at the consecrated candle in the church and ran with them at full speed to the pyre. The first to arrive set fire to the heap. No woman or girl might come near the bonfire, but both could watch it from a distance. As the flames rose the men and lads shouted, "We are burning the Judas!"

Easter Gifts

The very pleasant Easter custom of sending Easter cards to our friends or of making them simple and inexpensive gifts is a good one, provided we do not carry it to an extreme. The springtime is a busy season when every one is weeding out one's possessions rather than seeking to add to them; hence numerous large gifts would prove a burden to the recipient. Eggs have always been associated with the day as symbolic of the resurrection. Bonbonnières of this shape or candy eggs are always popular.

Flowers and growing plants are especially appropriate to the day, Easter lilies being always in demand. A corsage bouquet of violets or of lilies of the valley is a pretty gift to a girl. The man who makes it must be careful to have it sent to the house of the girl in time for her to wear to church on Easter morning. Neckties or scarfs are suitable gifts to make to a man who is a relative or friend, provided one knows his tastes. — Florence Howe Hall in Chicago News.

WATER EXPANDS WHEN FROZEN

So a gallon of water will make more than a gallon of ICE. But a hundred pounds of water will not produce more than a hundred pounds of ICE. On the other hand, if you were hit with a hundred pounds of water it would not be as near so disastrous as being hit with a hundred pounds of ICE.

Joy Cometh In the Morning

An Easter Poem
By ADA MELVILLE SHAW

I buried my bulbs in the garden—
'Twas night of the year.
The sky was o'ershadowed with weeping;
The garden was drear.
I gave the brown bulbs to earth's keeping
And left them there somberly sleeping
Till day should appear.
The cold rain beat down on my garden.
Ah, pitiless rain!
My bulbs—would they perish ere waking,
My planting in vain?
The tempest swept on without breaking;
My faith for fair flowers was shaking.
I wept in my pain.
Gray dawn slowly crept o'er my garden;
I sought it with sighs.
Lo, there through the soft mold appearing,
Glad sight for sad eyes,
Green life to the daylight uprearing!
O foolish heart, what of thy fearing,
Thy faithless surmise?
When springtime was warm in thy gardens,
What splendor was there!

White chalices heavenward turning,
O royal cups fair!
Tall lilies, in golden hearts burning,
Beneath the glad sunbeams' fond yearning,
Their sweet incense rare.

Weep not o'er the tomb in thy garden,
O soul sore bereft!
Though sorrow thy spirit is shaking,
Strong comfort is left.
The seals of the dread tomb are breaking;
Beneath their grim guard life is waking;
The darkness is cleft.

Eternity lighteth thy garden—
Look up, tear dimmed eyes!
Forget the lone night of thy weeping
In morn's sweet surprise.
Thy dear ones thou hast from their sleeping;
Death held them delayed in his keeping.
Lo, none but Death dies!
—Christian Endeavor World.

The Symbolism of Flowers.
What are flowers good for? For religious symbolism. The Bible is an arboretum, a divine conservatory. To illustrate the brevity of the brightest human life you will quote from Job. "A man cometh forth as a flower and is cut down." Flowers have no grander use than when on Easter morning we celebrate the reclamation of Christ from the catacombs. And so I twist all the festal flowers of all the churches of America with all the festal flowers of chapels and cathedrals of all Christendom into one great chain, and with that chain I bind the Easter mornings of our lives with the closing Easter of the world's history of the resurrection!—Rev. T. De Witt Talmage.

The Day of Choice

Fair the slopes of Olivet
Under sunset skies.
Like a jewel richly set,
David's city lies.
Down the road from Bethany
Pours a joyous throng.
On a royal ass rides he
Whom they hail with song.
Palms they wave beside his way,
Cloaks before him fling—
"Blessed he who comes today—
Master, Saviour, King!"
Through the eager pilgrim press
Toward the gate and through,
Rides the one whose name they
bless.
What comes he to do?
Comes a King to claim his throne,
In a kingdom fair?
Lo, he seeks a place alone
For an hour of prayer!
Shall he take a rank today
Such as they acclaim?
Can he crush the hopes that they
Build upon his name?
Who can know the prayer he
prays
In the place apart?
Who can know what passion sways
All the while his heart?
From the temple, lo, comes he,
And his face is set
Back again toward Bethany,
Over Olivet.
In the pilgrim host, dismay
And a sense of loss,
And the one who rides away
Sees afar a cross!
Yet the choice that they decried—
How the ages ring:
"Blessed who was crucified—
Saviour, Master, King!"
—John Clair Minot.

Easter Plants

CARE of Easter plants is a problem that seems to bother many people. Even those who never raise plants are certain to receive gifts in this shape at Easter, and naturally they desire them to last as long as possible.
Because of a lack of knowledge of plant lore many of the most beautiful and most expensive plants are consigned to the ash barrel or convenient dump a few days after Easter. While some of the cheaper ones bloom only once many of them are worth caring for.
The rambling and other pot roses should be planted out of doors as soon as possible after flowering. Never let them on their side or set them in an old corner to dry. Plant the ramblers where they can clamber over arbors, trellises and fences, and the bush roses in other suitable locations, as they are perfectly hardy. Plant them where they can remain permanently. They may turn a little yellow at first, but they will soon become accustomed to the change and start to grow.
To preserve anemones they should be plunged in the ground, pot and all. If the weather is very dry they will require watering throughout the summer and fall. On the approach of frost lift them, clean off the pots and place them in a window in a cool room.
Easter lilies can be kept in the pot in any convenient place until the middle of May, when they may be planted in the garden. The tops will die away, but late in the summer they will almost invariably flower again.
All the many varieties of bulbous stock, such as the hyacinth, tulip, daffodil, narcissus and crocus, when they are through blooming can be planted out in the open ground where they will come up year after year and flower luxuriantly. The flowers will never be quite so large as they were the first year, but they will be pretty and each blossom perfectly formed. Some people try to flower these bulbs in the house a second season; it is next to impossible to accomplish this, but they will flower out of doors.

Special Prices in Footwear for EASTER AT LESS THAN THE COST OF MAKING THEM WHY?

Easter Thoughts

SOMETIMES within our hearts the good lies dead. Slain by untoward circumstances or by our own free will. And through the world we walk with bowed head. Or with our senses blinded to our choice. Crying that "good is evil—evil good." Or with determined pride to still the voice. Chat whispers of a "resurrection morn."

This is that morn—the resurrection hour. Of all the good that has within us died. The hour to throw aside with passionate force. The cruel bonds of wrong and blindness—pride. And rise into a level high of power. Of strength, of purity, while those we love rejoice. With "clouds of angel witnesses" above. And all the dear ones who before have gone.

And we ascend in the triumphant joy. And peace and rapture of a changed self. Chat now transfigured stands—no more the toy. Of circumstance—or pride, or sin, to blight. Until we reach sublime heights. And stand erect, eyes fixed upon the right. Strong in the strength that wills all wrong to still. Will, pointing upward to the ascended Lord. Bless, ay, thrice bless, this fair, sweet Easter dawn. —Isabel Scott Stone in Washington Star.

The Easter Egg Crack

A QUAIN old Easter custom observed annually by a French family living in New York, where no festival goes by unheeded, could easily be the keynote of an Easter frolic or entertainment. The eggs to be used are always colored beforehand, when dozens of them are decorated in the old fashioned way—figured calicoes, onion peel, bluing, etc., being used in lieu of any modern process. After the eggs are thoroughly dry the children of the families participating in the ceremonies are allowed to rub them with candles to make them shine. It is claimed that the effect of the wax on the shell as a strength giving element is also a part of the tradition.

On Sunday evening a large silver bowl or tray in the center of the supper table holds the gayly decorated eggs. Then the fun starts. Half of the participants are seated around the table, and the others stand or walk about. Every one helps himself to an egg, holding it in his hand with the point just visible. The person seated holds his egg up to be gently touched by the egg held by the person standing. If one end gets cracked then the other end is turned, and when both ends are cracked the egg is forfeited.

The object of the game is to see who can collect the most eggs, and prizes go to the most successful.

On the Easter Tea Table

FIRST among Easter dainties are the south German Easter loaf, the mid-German "bunny bread" and the delicious "rabbit ears." The first of these consists of light, well sweetened, many raisin dotted, white wheaten bread; the next of cookie dough shaped into bunnies, snub tailed, long eared, wildly rampant or hunched up bunny fashion—with a bright silver coin for an eye. And the really most toothsome "hasen-ohren" or bunny ears, are made as follows: Half a pound of flour, three tablespoonfuls of sugar, four tablespoonfuls of butter, a teaspoonful of salt, two whole eggs and the yolks of two others are worked into a dough, which let stand for three hours in a cool spot.

Roll out to the thickness of a knife blade and with a pastry wheel cut into strips four inches long and one inch wide. Bake in briskly boiling lard to a delicate golden yellow, sprinkle liberally with powdered sugar and eat before they're three hours old.

These same inch wide strips, cut into longer lengths and woven round and round before immersing in the boiling lard, form the so called "stork nests" of Swabian fame. Such a "nest" filled with delicately tinted Easter eggs makes a charming center dish for the juvenile Easter supper table. — New York Evening Sun.

POSSIBILITIES of an EASTER HAT

By GERTRUDE M'KENZIE
Copyright, 1917, by American Press Association.

MISS VAN VLECK had been reading some newspaper joke that suggested a sectional hat. But, thinking the plan might be feasible, spoke:

"I believe there is some sense in that. This man says, if bookcases thus can be bought And gradually paid for, a hat surely ought."

Now, Easter was coming, and new hats were high.

Miss Van Vleck's stock of cash was quite low. But she found a sweet straw thing as blue as the sky. Trimmed with roses as white as the snow.

So springlike it looked and so dainty and sweet. And the price not beyond what her purse could well meet.

When the spring was well past and the summer had come. Miss Van Vleck saw no good reason why.

She should not take a short trip away from her home.

To celebrate fourth of July. So she touched up her headgear with red roses new.

And looked patriotic in red, white and blue.

But the autumn came on, and election drew near.

Miss Van Vleck thought it scarcely would pay her.

To add to her hat till sure news she could hear.

Of her father's election as mayor. When she heard it her straw hat received one more section—

A fine rooster's tail, to show joy o'er election!

LORD DOUGLAS GRAY WENT NORTH SUNDAY

Lord Douglas Gray, who brought down several Chalmers racing cars to Daytona Beach several weeks ago, left Sunday for the north and is now in New York City. The autos remain here, however, in charge of Chalmers officials.

N. Tompkin, who has been spending the winter at the Orr apartments on Seabreeze avenue, Daytona Beach, planned to leave this afternoon on his return trip to New York City. Mr. Tompkins has enjoyed the winter here very much and hopes to return next year.

A large number of residents and visitors enjoyed the surf bathing last Sunday morning. The ocean was warmer than it has been for some time in the past and during the later morning hours and the whole afternoon, the beach had much the same appearance that it has when the summer crowds are here.

Miss Lee Bowers will entertain the beach bridge club of which she is a member at the Magnolia, her Ridge-wood avenue home in Daytona. Miss Bowers is usually a resident of the beach in the summer and has scores of friends here.

Mr. and Mrs. Corwin D. Wilson and little daughter, Barbara, who have been spending the winter at the Weaver house, on Atlantic avenue at Earl street, Seabreeze, left this morning for New York City, after a very fine season here. Mr. Wilson is a well known playwright of the north and has been engaged during the winter at writing while he has not been enjoying the surf bathing and other attractions of the beach.

Mr. and Mrs. J. D. Maley are again living in their attractive home on Silver Beach avenue, Daytona Beach, after spending the winter in Daytona at the Howard house, North Ridge-wood avenue.

Mr. and Mrs. H. G. Whitsett and son, Will, were visitors to the beach Tuesday, motoring over from their interior home in Eustis to their cottage on Ocean avenue, Seabreeze.

James N. Gamble and party of friends, who have been spending the winter at the beautiful home in lower Daytona Beach, on Silver Beach avenue and the river front, are leaving this afternoon for their northern home in Cincinnati, O. The winter has been a pleasant one for Mr. Gamble, whose health has been good in spite of his age. Mr. Gamble is better known to the country in general as a member of the firm, Proctor and Gamble, manufacturers of soap.

A pleasant party of five people motored over from Mt. Dora, where they have been spending the winter, to Daytona Beach for the day. They enjoyed dinner at the Seaside Inn and left in the afternoon on their return trip. The members of the party were J. P. Donnelly, of Mt. Dora; Miss Bessie Eaton, of Boston, Mass.; Mr. and Mrs. Leo C. Lyon, of Bridgeport, Conn., and Chas. Griffith, of Mt. Dora.

TWO YALE MEN VISIT
WILLIAM H. DAVIS' HOME
Landon Davis and Robert Byrne, who have been attending Yale university at New Haven, Conn., arrived Tuesday for a few days' stay at the home of the former's father, William Henry Davis, on Peninsula drive.

After a few days young Mr. Byrne will leave to join the U. S. Naval Mosquito fleet and young Mr. Davis will go to Fort Sill, Okla., to take the officer's course for entrance to the U. S. light artillery.

Both of these young men spent the last Christmas vacation here at the Davis home and have friends here, made at that time, all of whom will be pleased to see them again before they leave for their government work.

PORT ORANGE

PORT ORANGE, Apr. 3.—The Shell-bargers and Gaynor Kesslers returned to their Ohio homes last week.

Mr. and Mrs. McCormick left recently for their northern home. The Hesses are leaving today.

And thus it goes. Soon we will be left to hold the fort, judging by the loads of trunks that are going to the station for nearly all trains.

Dr. and Mrs. Funderburg are leaving soon for a trip to Orlando, St. Petersburg and other West Coast points.

Some nice fish are being taken, though all fishermen are not always successful in catching them.

Frank C. Young reports a pleasant trip to Long Island and that his daughter and babe are doing well.

C. J. Vass, who was recently injured by an auto truck at West Palm Beach, writes he is able to sit up and hopes to be out on crutches soon, but gave no particulars of his accident.

The town council has passed a resolution accepting the land dedicated for street purposes along Dunlawton avenue by owners setting their fences out of the street to the street line; the land dedicated by owners building sidewalks and that dedicated by written instruments.

The trustees of the school have recently purchased a set of physiological charts on rollers, and a set of historical charts illustrating different periods of the country from early times down to recent periods. They have also brought a tellurian globe and fixtures illustrating very clearly the movements of the earth and the moon, changes of seasons, phases of the moon, summer and winter, signs of the zodiac, etc. These added equipments should make studies more attractive and easier to understand.

CASINO MUSIC

TO CONTINUE

(Continued from Page One.)

not been designated as yet, however, the orchestra will be retained to its full complement and will play in the afternoons and at nights as usual. At the majority of the concerts Mr. Tucker will be present in person to direct the orchestra and in his absence Miss Taylor will lead. Sunday afternoon the Casino Burgoyne orchestra will be augmented by the Clarendon orchestra and the concert at the casino promises to be one of the most enjoyable musical events of the season.

With his capable management and leadership of his orchestra, Mr. Tucker has stamped himself a director of unusual ability, and has won an enviable reputation in the musical world of Florida. The well known Tucker orchestras have been popular in Daytona for several seasons and music lovers will be delighted to learn that the concerts are to continue and that they will be afforded an opportunity to hear the orchestra under Mr. Tucker's personal direction.

The group of talented musicians who compose the orchestra are: Wilbross Dalpe and Miss Hattie L. Taylor, violins; Bowen R. Church, cornet; Stefano Napoletano, bass violin; Daniel W. V. Taylor, trombone; Miss Hattie L. Taylor, clarinet; Celilo de Camo, flute; Witt B. Macauley, cello; Victor J. A. Baradel, piano, organ and librarian.

AMERICAN STEAMER FINLAND ARRIVES

NEW YORK, April 4.—Word has been received of the safe arrival of the armed American steamer Finland at an English port.

SOCIAL AFTERNOON AT PALMETTO CLUB HOUSE

Mrs. J. H. Donnelly, Miss Sara Young and Miss Lee Bowers had charge of the card party given yesterday afternoon by the social committee at the Palmetto club house. Eight tables were arranged for auction in the attractive tea room, delightfully spring like and cool with pots of white azaleas placed about the room.

When scores were counted after two hours of keen play, prizes were awarded to Mrs. Scype and Miss Adelaide Young. Mrs. Scype received a lovely hand painted bonbon-dish, Miss Young an attractive pottery gowl. A dainty course of fruit punch and wafers was served after the game.

The next card party will be given Tuesday, April 17th, when Mrs. Roland E. Stevens and Mrs. Alvirere Miligan will have charge of the afternoon.
